

Zipthru suite of solutions offers Compass Group and Chartwells' customers convenient food service options as close as their computer.

Chartwells *Zipthru* **DINE WITH US** reloadable card uses *Zipthru* technology to load a balance onto a card. Students, teachers or staff use it like cash at [participating](#) Chartwells Cafeterias.

IT'S FAST....

Just **LOAD, SWIPE** and **GO!** No debit or admin fees!

IT'S SECURE...

Lose your card! A stop can be put on the card by simply going online to report. This protection is only available if you create an account online after a balance has been loaded and report the loss online promptly.

IT'S CONVENIENT...

No need to carry cash and can be purchased and reloaded online. View balances and spending online between reloads

IT'S PIECE OF MIND...

Know that money is being used to purchase healthy food at school and there is no expiration date so balance can be carried-over year to year! Graduating students will need to deplete their balance before leaving or pass on to a younger sibling at the school.

IT'S LOADED WITH VALUE... So Don't Wait!

Load a *Zipthru* **DINE WITH US** card and receive **10% Bonus Dollar** value added to your card (one full business day to process) with a **minimum load value of \$100.**

IT'S SO EASY TO PURCHASE...

1. Load a balance on a card. We recommend loading online at www.zipthru-card.ca using a credit card, but a card can be initially loaded at the cash register as well.
2. You don't need a physical *Zipthru* **DINE WITH US** card for initial load. Simply purchase an e-Certificate online that allows you to load a balance instantly without the physical need of a card. When purchase is made online an e-mail will be sent immediately with an e-Certificate. Simply print and present to the cashier at the cafeteria who will transfer the balance to a card.
3. Each time the card is used to make a purchase, the amount of the purchase is deducted from the balance on the card. A balance is printed at the bottom of each receipt.
4. After a balance has been added you can protect the balance by creating an account online at www.zipthru-card.ca. If lost or stolen, go online and put a hold on the balance remaining and then contact the Chartwells Supervisor to have the balance transferred to a new card.
